

Commuter Programs

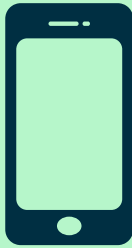

Commuting to the Seaport? You've got options! As an employee of a Seaport TMA member company, you have access to Seaport TMA's free commuter programs. Looking to save time? Save money? Find a less stressful commute? We've got you covered.

Check out our programs, then visit www.SeaportTMA.org/commuter-programs to register.

CommuteSeaport

CommuteSeaport offers commuters in the Seaport a handy mobile app that can be used to plan commute trips, find a carpool partner, and to obtain rewards for commuting in a sustainable manner. Record your green trips anytime you walk, bike, use transit, or telecommute to earn points that can be redeemed for rewards offered by Seaport TMA.

www.CommuteSeaport.com or search for CommuteTracker in the app store.

Guaranteed Ride Home

Leave your car at home, and don't worry about being stuck at work. We'll provide four rides home in the event of an emergency, illness, or unexpected overtime per year.

Your ride is *fully paid* using Lyft.

Try Transit

Tired of driving alone to work but not convinced taking transit is a feasible option? We will subsidize your transit pass for the first three months when you try taking transit as part of your commute.

This program is not available to those already taking advantage of an employer commuter subsidy nor those who have been working in the Seaport for <1 year.

Bike Seaport

Meet other bicycle commuters in the area at networking events and attend Bike Seaport, our free bike check-ups on the Seaport Common, weekly from May - October.

Zipcar Discount

Receive a discounted Zipcar membership and low driving rates through the Seaport TMA and get access to 1,000+ vehicles throughout Boston. Drive Zipcars by the hour to run errands or get to meetings.

Carpool Program

Share the ride to work and be rewarded with gas gift cards.

Use CommuteSeaport to match up with local employees who work similar hours and live nearby. Already carpooling? Sign up for rewards.
