

# Commuting to Boston's Seaport?

CommuteSeaport is an easy-to-use platform to earn rewards, access Seaport TMA's programs, find a carpool match, and more. Track your carbon footprint, money saved, and calories burned when you switch to or continue with a green commute. Connect the CommuteTracker app to automatically track your trip, whether you use transit, carpool, walk, or bike.

## Find a Carpool Match

Eyeing that HOV lane? Match with others who live and work near you, making carpooling convenient. You choose when and how often you want to carpool.

---

## See Your Environmental Impact

Having fewer cars on the road not only lessens traffic, it also reduces vehicle emissions. See how much CO2 you have saved, right on your CommuteSeaport dashboard.

---

## Earn Rewards

Record your green trips anytime you walk, bike, use transit, or carpool to earn points that can be redeemed for rewards including gift cards to Seaport businesses, bike accessories, and more.

---

## Stay Active

If you ride your bike or walk as part of your commute, CommuteSeaport will show you the number of calories burned just by heading to work. Looking for someone to ride with? Find a "bikepool" just as you would a carpool.
